MESSAGE FROM CEO

In the recent years, The world's security and politics are unstable, the global economy is showing signs of recession, the economic protection and opposition to trade agreements are rising, the exploration and exploitation of domestic gas resources have become increasingly difficult. We are facing a major turning point in the global economy and society that will change the way we all do business. Conventional thinking and traditional operating models will not be able to capture the opportunities that arise from this paradigm shift. By taking the initiative to transform ourselves, we aim to deliver added value to our clients.

Although being still young, from 2019 up to now, Dolphin Logistics Company is proud to be a reputable service provider for domestic and foreign partners in different fields such as: shipbuilding, oil and gas, heavy industry.... With our state-of-the-art service and professional working attitudes, it's our privilege to have trust and appreciation from customers. 24/7 assistance services to ensure smooth and efficient operation is also our plus.

With the resources, facilities, professional and creative labor force, successfully and high-quality implementation of shipping agent, logistics and manpower supply projects, Dolphin is committed to promoting all strengths of capacity and experience, ensuring the success of projects, affirming and strengthening its position as a trustworthy contractor, partner, business with clients...
